

PUBLIC SAFETY

Emergency preparedness guide

PDF resource | Updated 25 August 2026

General preparedness information for households and communities.

Simple household preparation

- Keep a short list of important contacts and household needs.
- Prepare drinking water, essential medicines and basic supplies where practical.
- Plan how household members will communicate and meet safely.
- Follow current public alerts and instructions from appropriate emergency services.

ABOUT THIS RESOURCE

General demonstration guidance only. In an emergency, follow instructions from the appropriate public-safety authority.
